

— whs form d

hazard report

This form is to be issued to contractors to complete for hazard notification

The reason for investigating a hazard:

- > to identify ways the hazard can be eliminated or reduced
- > to recommend action to prevent any incidents.

Hazards should be reported by anyone that sees a potential site hazard.

A hazard should then be registered and action taken to ensure all parties are informed.

Green Light Creative Job Number _____

Location _____

Name _____
